=span>Al,

I didn't get a chance to express t=is directly, as he nipped out before I had a chance to on the last night, b=t please do pass on to Jeffery my extreme appreciation for the Mindshift co=ference that he made possible.

I really e=joyed the dynamic conversations in that group, and the debates that stretch=d into the night. I hope he got out of the program what he was looking for.=It was clear that he was very interested in, and had a considerable command=of, a wide range of subjects. For me, this has sown the seeds of some=collaborations with both Brock and Pablos far outside my field, and I would=love to find some way to collaborate with Frances.

<=r>Thank you to you for organizing such an interesting mix, and please=do pass on my sincere thanks to Jeff.

War= regards,
Catherine
