Hi Jeffrey,

am almost done with the new wikipedia article. My first draft was accepted by them. I have to put in a list of press references to back it. will send to you when approved.

am also working on:

- new NY press articles thru PR Newswire NY distribution
- review of Digital Whiteout co.
- working on a listing with the Foundation Center in NYC
- discussion with Cecile about hosting the websites on guest sites.
- more NYC business directories.
