I finished the first links that you sent me. I was unable to leave messages in the following sites because the comments were closed:

- Portfolio
- Wall Street Folly
- NY Times
- Pretty Boring
- Palm Beach Daily News
- Access My Library
- [Observer.com](#)
- Above the Law
- Vanity Fair

I will do part two of the sites you forwarded to me. I opted to receive responses to my comments and will forward them to you. Also, on certain sites your comment went over the 500 word limit so I created a short version of it.
