Hi Jeffrey,

there's a lot to do this month:

- last two days were spent re-optimizing the 9 websites and adding new content.
- tomorrow I will have finished listing the foundation with the most prominent NY charity directories. See list below. I am coordinating info with Darren.
- I have a list of forums that I need to finalize with Darren.
- the Foundation's Wikipedia article was accepted. They've asked me to change some of the press sources and then they will post it.
- I need to get the Foundation onto Google Maps. very important.

I will do the above first over the next few days.
